Featured Speaker:

Edward R. Duarte,

Lead Business Consultant, Norcal PTAC

Edward Duarte is the founder and retired CEO of Aztec Consultants; a San Ramon-based professional construction management company and general contracting firm. Founded in 1986, Aztec specializes in public works, commercial and institutional construction projects. Under his leadership, the company provided construction management services on over \$250 million of public works contracts and built over \$200 million as the General Contractor of Record, subcontracting with numerous DBEs and other minority-owned businesses. Duarte is also the co-founder, Program Director, and a principal instructor for the Construction Management Certificate Program at Cal State East Bay.

This procurement technical assistance center is funded in part through a cooperative agreement with the Defense Logistics Agency
